

National Model United Nations • NY – Working Paper Template (Report Segments)

This template should be used for all **report-writing committees** at NMUN•NY. In submitting this document to the Dais, the authors affirm that they did not write any of the text of the working paper before arriving at NMUN•NY or reproduce it directly from other sources without proper reference. All working papers should be drafted in collaboration with other members of your committee.

Please replace the sample text below with your own original text, add clauses as needed, and apply the formatting Styles (***Section Heading** for the main headings for the Introduction, Mandate, and Conclusions and Recommendations sections; ***Title of Working Paper** for the title of your specific working paper; and ***Normal** for the other portions of your working paper). Please keep these instructions in the working paper; they will be deleted by the Dais when the working paper is accepted as a draft report segment.

If you are using Google Docs to draft your working paper, please be advised that formatting will not transfer easily between Google Docs and Word. Accordingly, please carefully transfer your material into this template and ensure that everything is formatted correctly, using the Styles provided in this document, before submitting to the Dais.
